

## Out Of Service For Wire Rope (Droplines)

Wire rope must be repaired (spliced), re-socketed, or taken out of service when there is:

- (d) 12-1/2 percent of the wires broken within a distance of one lay. 437-007-0605(1)(d)

**EXCEPTION:** Out-of-service requirements do not apply to chokers, grapple opening lines, tag lines, cat and skidder winch lines, and droplines that are not used to move the carriage. However, in accordance with 437-007-0600, a competent person must inspect these cables daily and remove from service any that are unsafe.
